WELCOME TO TRUCKFEST 2014

Such was the success of last year's VTD Truckfest special that we've done it again. This special magazine might be worth holding on to as it won't go out through our traditional network of Truckstop, MSA's truck washes and of course the Volvo Truck Dealer network. The only place you can get your copy is at Truckfest Peterborough. We will keep a few back so if you want another, drop me a line. Also at Truckfest, we will also be distributing the Spring issue of VTD. It really is hard to believe that a year has gone by since truck drivers and fans congregated at the East of England Showground to celebrate the 'Great British road transport industry at Truckfest. For those new to the show, make sure you spend some time away from the main arena and get down the smaller tracks where you will be guaranteed to see some of the best turned out trucks ever to grace the motorway network. With the number of 'New FHs' being sold, 2014 will be the first year where there will be significant numbers and hence why we have introduced a new VTD award solely for the new FH. The Best New Volvo FH has been sponsored by Volvo Trucks themselves, who we know are keen to see the results of many a driver's hard labour and investment to make their new FH

the best of the best. Also keep an eye out for some of the older stuff - there are bound to be some very special F88s around the showground. Have a great weekend and

please don't be afraid to come and have chat. We will be based ringside and across the way from the 'other' Swedish truck manufacturer. **Have fun - Matthew**

EURO 6 FH16-750 FIRST PUBLIC SHOWING AT TRUCKFEST

The recently-launched Euro-6 compliant version of the new FH16 will make its UK public debut on the Volvo Trucks stand at Truckfest Peterborough.

Euro 6 FH16-750 First Public Showing at Truckfest. The recently-launched Euro-6 compliant version of the new FH16 will make its UK public debut on the Volvo Trucks stand at Truckfest Peterborough.

The latest addition to Volvo's Euro-6 line up will appear alongside other trucks from the range which has been completely renewed in the last 18 months.

Visitors will get the chance to get up close to the new FH16-750, which is being displayed in 6x2 tractor unit configuration. "We're very excited to be bringing the new FH16-750 Euro-6 to Truckfest", says Volvo Trucks UK Managing Director Arne Knaben, adding: "Truckfest visitors have tremendous passion and enthusiasm, so will know that the Volvo FH16 will prove to be a major draw for enthusiasts and drivers alike. Now, with the latest Euro-6 driveline, we hope lots of people will enjoy being able to get up close and have a good look at this amazing truck,

in addition to the other new Volvos on the stand." Seven other trucks from Volvo's Euro-6 range will also appear on the stand at Truckfest. In addition to three FH tractor units, there will be a new Volvo FM-500, equipped with the high spec Globetrotter LXL cab and Volvo's innovative Dynamic Steering as seen by over 100 million viewers in the recent Volvo's YouTube viral video featuring Jean-Claude Van Damme.

WHAT'S ON OFFER

Two new 4x2 rigids - a new Volvo FL and a new Volvo FE - will be on display featuring Volvo's latest automated transmissions. While the 4.4m wheelbase FL is equipped with I-Sync, the 6.45m wheelbase FE benefits from the AT2612E version of I-Shift, which was introduced on the FE series with the introduction of the Euro-6 version in 2013.

Volvo's Euro-6 range line-up at Truckfest Peterborough is completed by a new Volvo FMX 8x4tipper. Demonstrating Volvo's capability when it

comes to high specification eight-wheelers, the 5.1m wheelbase FMX is fitted with a Globetrotter cab.

This features DriveFM+ trim level and Living 1 package. The truck is powered by a 13-litre D13K engine, rated at 540hp, driving through an AT2612E I-Shift automated transmission. Bodywork is a Thompson Loadmaster Light tipper.

Completing the line-up on the Volvo stand will be a specially-painted FH16-750 celebrating Birmingham-based H D Rickett's 50-years in business.

The air-brushed mural features 'Hell Drivers', the iconic 1957 black-and-white trucking film starring a young Sean Connery, and images of the husband-and-wife team who originally founded the business.

As usual, Volvo Trucks staff and dealers will be on hand to answer questions and help visitors to the stand. As well as inspecting the trucks, visitors will also be able to purchase items from the Volvo Merchandise collection.

AS WE SAID, YOU'VE GOTTA TO BE IN IT TO WIN IT!

Let's just take a moment to reflect on last year's winners of the VOSCARS

BEST CLASSIC VOLVO PRE 1990:
Sponsored by UK Truckclean. Won by Colin Allen of Arthur Spriggs, Rushden for their gleaming F88.

BEST VOLVO F10: Sponsored by Jennychem: Won by a fabulous example of this great classic Volvo by Alan Anderson of Alex Anderson, Boness.

Volvo Trucks. Driving Progress

At VTD we understand and salute the pride that Volvo drivers and operators have in their magnificent trucks. Here is our Truckfest tribute featuring a selection of pictures from around the country of some smart new Volvos and a beautifully restored 35 year old F7.

ULTIMATE POWER, ULTIMATE STRENGTH

THE NEW VOLVO FH16-750 EURO 6

Volvo Trucks knows that, with ultimate power, comes ultimate responsibility. The new FH16 is now available with Euro 6 emissions compliance. You can see the new FH16 on the Volvo Trucks stand at Truckfest Peterborough.

"We're very excited to be bringing the new FH16-750 Euro-6 to Truckfest", says Volvo Trucks UK Managing Director Arne Knaben, adding: "Truckfest visitors have tremendous passion and enthusiasm, so will know that the Volvo FH16 will prove to be a major draw for enthusiasts and drivers alike. Now, with the latest Euro-6 driveline, we hope lots of people will enjoy being able to get up close and have a good look at this amazing truck."

HEAVY, HEAVY MONSTER

CRANAGE HAULAGE'S 150 TONNE FH16

Cheshire based heavy haulage specialists Cranage Haulage are maxing out their new 150 tonne GCW FH16 with some top weight loads like this Volvo EC700LC, 70 tonne excavator. The family business operate 10 trucks, including 6 Volvos. This is their first 150 tonner but not their first FH16. Power is supplied by the D16G600 Euro 5 16 litre engine with the VTO2814B overdrive manual gearbox and RTH3210F hub reduction drive axles. A Volvo Heavy Duty Retarder and gearbox oil cooler are also fitted. Volvo also fitted additional parking brake chambers to help cope with the higher train weights. Rear suspension is Volvo's T-ride multi-leaf. The unit is coupled to a four axle Faymonville Megamax trailer which extends by 4 metres. Supplying dealer was Thomas Hardie Commercials at Middlewich who maintain the FH16 on a five year Volvo Gold Repair & Maintenance contract.

Volvo Trucks. Driving Progress

POPALOO

IS IT A TRUCK DRIVERS EVO'LOOT'ION?

Popaloo is a lightweight, compact, durable and comfortable toilet for rest periods.

Popaloo fits easily on to the engine hump ledge and allows for a very relaxed "comfort break" within the confines of the cab. When not in use it stows away easily taking up a space of just 420mm square x 90mm high.

The toilet uses a dry powder bag system, which totally encapsulates the waste, when finished simply knot the bag and dispose of responsibly. Popaloo comes with ten powder bags, wet wipes and emergency toilet tissue all

for £49.95 + VAT total £59.95 (Plus P+P) We also offer tent variants for complete privacy outside of the cab.

Full details and purchase methods are available at: www.popaloo.co.uk

It's something we all have to do... But it's a lot nicer with a Popaloo.
